

Dear Friends and Family,

This year marks our 5th annual Winter Solstice! Winter Solstices have been celebrated since ancient times as a time of renewal and introspection, when light returns to this part of the earth. For us, as we pay attention to the earth's cycle, we also enjoy reconnecting with others and reestablishing our bonds of friendship.

We would like to invite you to share this time of celebration with us on:

Sunday, December 21st, 5:00 p.m.
123 Main St.
Anytown, NY

Please bring a dish to pass and some personal items to represent renewal and introspection to adorn the altar. Also, after several years of celebrating the solstice with you we would like you to also be a part of creating the activities for a circle. Feel free to bring a song, activity, or any other idea that makes this a merry event.

Young children are always welcome, but may find it difficult to be attentive since the ritual usually takes about one and 1/2 hours. So we ask parents to use discretion on whether to include children. A room upstairs will be available if needed.

Love, John and Jane
R.S.V.P. 987-6543
